D – Deficiency Account

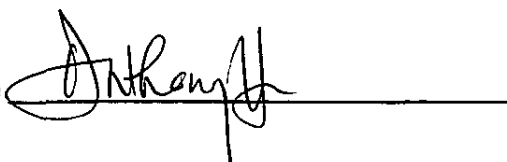

CC DECODERS LTD.

	Notes	£
Deficit to the shareholders per the Company's financial statements as at 31 December 2013	1	(5,103,368)
Estimated deficiency on realisation of sale of assets in the liquidation	2	(160,276)
Losses on sale of assets since the last set of financial statements	3	(30,262)
Estimated loss on trading for the period from 1 January 2014 to 15 January 2015 (β)	4	(104,274)
Estimated deficiency as regards Creditors		(5,398,180)
Less Write off of the share capital	5	(2)
Estimated deficiency as regards Members	6	(5,398,182)

The following notes form an integral part of the above statement

- 1 This is the shareholders funds detailed on the last filed financial statements. It is made up of share capital and the balance on the profit and loss account
- 2 This is the amount that the company's assets have decreased by in estimated value by compared with the company's management accounts. This relates to the stock held by the company, which is likely to be obsolete and to have no realisable value, together with a debt due from The Chinese Channel (Holdings) Limited, which is a company registered in the Cayman Islands and which is insolvent
- 3 These are assets which have been sold since the last set of financial statements and the resulting loss on their sale. The loss is not as a result of trading and hence is shown separately. This relates to old stock which has recently been sold at a significant discount to the book value on the advice of an agent
- 4 This is an estimated figure for the loss in the final trading period since the last filed financial statements. In this instance it is the estimated loss for the 12 month period since the last financial statements. The figure is a balancing figure (β) and therefore an estimate. It differs from the trading figures per the management accounts due to certain accrued expenses written off to the profit and loss account but which do not appear to have been incurred

D – Deficiency Account

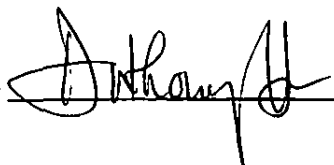

- 5 This is the amount owing to the shareholders in respect of the shareholding that they purchased in the company
- 6 This figure is the total Estimated Deficiency to Members taken from the bottom of sheet A1 - Summary of Liabilities
- 7 The assets have been professionally valued by Williams & Partners Ltd, insolvency agents, of 11 Leys Business Centre, Chelmsford Road, High Ongar, Essex CM5 9NW
- 8 Trade and other creditors' balances are provisional and subject to agreement in due course by the liquidator. Inclusion or exclusion from the list of creditors does not constitute admission or rejection of claims by the liquidator
- 9 The customer deposits relate to sums paid by customers for decoding boxes. The deposit is returnable upon return of the box by the customer. The boxes would be obsolete and have no realisable value if returned
- 10 There are provisions of the insolvency legislation that require a liquidator to set aside a percentage of a company's assets for the benefit of the unsecured creditors in cases where the company gave a "floating charge" over its assets to a lender on or after 15 September 2003. This is known as the "prescribed part of the net property". A company's net property is that left after paying the preferential creditors, but before paying the lender who holds a floating charge. A liquidator has to set aside
 - 50% of the first £10,000 of the net property, and
 - 20% of the remaining net property up to a maximum of £600,000

The company has not given any floating charges and therefore the prescribed part provisions will not apply
- 11 The Statement of Affairs does not take into account the cost of realisation of the assets or the cost of the liquidation and it is subject to verbal explanations given at the meeting of creditors
