## **Notes to the statement of affairs**

- 1 The statement of affairs ignores the costs of insolvency
- 2 Section 176A of the Insolvency Act 1986 (the prescribed part) may apply in this case as there is a floating charge created after 15 September 2003. However, it is understood that there may be a minimal amount due to the charge holder under the cross guarantee therefore, for the purpose of the statement of affairs, the estimated amount due to the charge holder has been estimated at £1  

In this case there are preferential creditors which reduces the prescribed part fund and consequently it is unlikely that the prescribed part will apply
- 3 The book value for the plant, machinery and stock is per the agents, Winterhill Largo, valuation. The estimated to realise value is per the offer received from The Student Support Centre Limited  

The agents, Winterhill Largo, have advised that this offer should be accepted
- 4 The company's bank account has a small credit balance. The estimated to realise value is uncertain as this may be offset against any monies owed to them under their debenture
- 5 The debts due to HM Revenue & Customs are best estimates only
- 6 The inclusion of creditor balances on the statement of affairs is as per the company's records. Claims of creditors will be subject to admission by the duly appointed liquidator in the usual way
