## NOTES TO THE ESTIMATED STATEMENT OF AFFAIRS (cont.)

No provision has been included within the estimated statement of affairs regarding the costs and expenses of the insolvency procedure

The method of calculating the prescribed part is given below

Where the net property does not exceed £10,000 (the prescribed minimum) it may be considered that the cost of making a distribution is disproportionate to the benefits and no prescribed part is required to be set aside

Where the net property exceeds £10,000 the prescribed part is calculated at a value of 50% of the first £10,000 plus a further 20% of the net property which exceeds £10,000, up to a maximum prescribed part of £600,000

The net property in this case is expected to be less than the prescribed minimum and we consider that the cost of making a distribution of the prescribed part in this case to be disproportionate to the benefits. Accordingly, we do not intend to set aside a prescribed part in this instance
