D – Deficiency Account

- 8 No provision has been made for the claims which could arise in respect of insolvency payments to staff
- 9 Trade and other creditors' balances are provisional and subject to agreement in due course by the liquidator. Inclusion or exclusion from the list of creditors does not constitute admission or rejection of claims by the liquidator
- 10 There are provisions of the insolvency legislation that require a liquidator to set aside a percentage of a company's assets for the benefit of the unsecured creditors in cases where the company gave a "floating charge" over its assets to a lender on or after 15 September 2003. This is known as the "prescribed part of the net property". A company's net property is that left after paying the preferential creditors, but before paying the lender who holds a floating charge. A liquidator has to set aside
 - 50% of the first £10,000 of the net property, and
 - 20% of the remaining net property up to a maximum of £600,000

There are no charges held against the company and therefore the prescribed part provisions will not apply

- 11 The Statement of Affairs does not take into account the cost of realisation of the assets or the cost of the liquidation and it is subject to verbal explanations given at the meeting of creditors
